

OFFICERS ELECTED BY CHAMBER OF COMMERCE AT TUESDAY MEETING

H. Braun, Past President,
Lauded For Faithful
Service

The weekly meeting of Niles chamber of commerce was held Tuesday noon, March 4, and Harvey Braun, president, presided. At the opening of the business session regarding a new county court house, Mr. Braun read a letter from the Oakland Chamber of Commerce, and another one from the San Francisco Chamber of Commerce, concerning the United States census.

The matter of the new county court house was tabled until the next weekly meeting of the chamber.

W. B. Kirk, reporting on the program of planting the Outdoor Christmas tree, for Friday, March 7, stated that a tree fourteen feet high had been donated by George Roeding, of the California Nursery Company, for this purpose.

The report of the nomination committee of last week was read

FUNERAL SERVICES HELD FOR FORMER LOCAL RESIDENT

Edward J. Briscoe Passes
Away at Oakland
Home Friday

Edward J. Briscoe, formerly local resident, passed quietly away at the age of 67 years at his home in Oakland, Friday morning, February 28. The funeral was held from the Corpus Christi church, Niles, at 9 o'clock Monday morning, March 3. The Reverend Father W. J. McDonald officiated at the High Requiem mass as celebrant, and was assisted by Father Leal, deacon, of Mission San Jose, and Father Sousa, sub-deacon, of the Centerville Catholic church. Interment followed at the Holy Sepulchre cemetery, Hayward.

The deceased was well known in this community, his birthplace being Mission San Jose. For the last twenty-five years he has resided in Oakland, where he was at the time of his death, which was brought on by various complications.

The deceased is survived by two sisters, Mrs. Anna Murphy, of Niles; and Mrs. Margaret Turner, of Mission San Jose; and a nephew, Ben Murphy, a business man of Niles.

Construction work underway on highway between Alto and San Rafael.

REQUIEM MASS FOR FORMER NILES PASTOR

High requiem mass will be held at nine thirty a. m. next Monday, for the late Reverend Father T. W. Holohan, who was pastor of the Niles Corpus Christi church for over a year. Reverend Father W. J. McDonald will officiate at this ceremony and will probably be assisted by the pastors of the Centerville and Mission San Jose Churches.

This service is being given primarily to offer the people of the community, and the many friends of the late pastor, an opportunity to pay their last respects to their beloved leader and comforter.

FIRST DEGREE IS CONFERRED BY NILES TEAM

Members of lodge No. 164, of the Independent Order of Odd Fellows, of Alameda, were the guests of the Niles Lodge Monday night, and at this meeting the Niles degree team conferred the first degree upon several of the Alameda candidates. Following the degree work, the business of the evening was discussed, and after that a social hour was passed by those present.

It was reported that the ways and means committee in charge of the building plans for the proposed Odd Fellows building had not accomplished anything definite as yet, but were working to perfect the plans.

SAN FRANCISCO PLANS IMPROVEMENTS LOCALLY THROUGH WATER PROJECT

SAN FRANCISCO WILL consider the improvement and betterment of the communities affected by its purchase of the Spring Valley Water Company holdings, Norman H. Parks, publisher of The Township Register, was informed by James Rolph, Jr., mayor of San Francisco, in an interview last Friday.

In the interest of this community, Mr. Parks made a special trip to San Francisco to see Mayor Rolph and to ascertain the status of the interested districts affected. Mayor Rolph expressed his appreciation of the opportunity Mr. Parks was giving him to lay the plans of San Francisco before the public through a community newspaper.

While San Francisco expects to profit through the purchase, it does not intend to make its profit at the expense of the districts in which it will operate, Mayor Rolph explained. It is the plan of the city to conduct as much of its business in the localities where the holdings of the Spring Valley Water Company are located as possible. The purchase of supplies and commodities will be made in much the same manner as that of the Spring Valley Water Company.

Burglars Defeated In Robbery Attempt On Perry Grocery

Arthur Roderick Catches
Boy Behind Corpus
Christi Church

Arthur Roderick, night watchman of Niles, reports the capture of a would-be burglar, Saturday night at 2 a. m., March 1, by the name of Marvin Richmond whom he apprehended back of the Niles Catholic church after a desperate chase. The boy, Marvin, told Roderick that he was from Long Beach, and he told a story of meeting two boys in Hayward, who were supposedly from Niles. He told his new acquaintances that he had been without food for two days, after which the lads suggested that they all hitch-hike to Niles, and break into an establishment owned by J. Perry, where they could obtain money and food. Marvin told of one boy having a gun and of the boy boasting that he would "fix" the night watch-

man if he interfered. Marvin stated that the boy said he knew Roderick.

Roderick was making the rounds of Niles streets when he became suspicious of a queer noise back of the Perry establishment, and, upon investigation, discovered three persons there. Two of them ran, escaping down the highway, and Marvin ran toward the Catholic church, where he was later caught.

Marvin refused to name the two boys he was with, and it is believed that their names were unknown to him. The boy was incarcerated in the Niles jail until Monday morning at which time he was taken to Oakland, where he will appear before the juvenile court. No trace of his companions was found later when officers made a thorough search of the highways and the "jungles" in east Niles.

TOYON BRANCH OF BABY HOSPITAL TO MEET MONDAY

The Toyon branch of the Southern Alameda County Baby hospital will hold a meeting Monday, March 10, at the home of Mrs. William Patterson, of Arden, near Newark. This was to have been held two weeks ago, but circumstances arose which caused delay.

After the business meeting, Mrs. J. W. Meyers, of Niles Canyon, will give a reading of original poetry.

LIBRARY BOARD MEETS THURSDAY AT NILES BRANCH

A meeting of the Library Board will be held Thursday, at the Niles branch of the Alameda County Library, in the Jane Clough Memorial Library building. This meeting will be for the children's department, and subjects pertaining to them will be discussed. E. W. Burr, president, will preside.

CHAMPING AT THE BIT

SOMETIMES THE LAW strains at a gnat and swallows a camel.

That sizes up briefly the situation in the case of Mrs. Aileen Edmondson, native born American, whom the immigration authorities seek to deport to England or other British possessions. Mrs. Edmondson graduated from the University of California, later becoming a member of the faculty of that institution. In 1920 she married Fred Edmondson, an Englishman. They moved to Japan and later to China, where the husband was killed. Two children followed the union, a daughter, Edith, and a son, George. The former was born under the stars and stripes, the later under the Far East banner of the Empire of the Dragon.

When Mrs. Edmondson became a widow she returned to her native land, the urge of patriotism influencing her decision, and the irresistible call of her native soil forcing her thoughts again to turn to the great nation which all normal Americans love with such a passion.

The trustees of the University of California re-employed their former instructor, and for a time the little family of three were happy, indeed, to be again among friends who understood their language, whose associates were guided by the same moral standards, and whose neighbors and intimates sought amusement and diversion in the same healthy, American way. Then, by chance or malice, the trustees of the university were informed by someone that Mrs. Edmondson was not technically an American citizen, because she had married an Englishman, though now dead. So these good and "conscientious" men dropped the fine woman from the faculty, and the immigration bureau, learning of the incident, became active, where lethargy but yesterday was the routine of the department.

She was forced to post a bond that her son, born in China, but with good American and English blood in his veins, might remain with her pending the appeal that she instituted to set aside and void the order to banish her from the land of her birth.

And what a mockery the whole thing is! What a play of official probity at enforcing the immigration laws! What a vainglorious gesture to rid America of an undesirable alien—and what a ridiculous attempt to prove that none shall escape the eagle eye of the United States immigration authorities!

And none shall escape—indeed, none shall escape!

And in this country today one million Mexicans are here unlawfully. A million we say—there are more. These peons, illiterate; of mongrel extraction; unassimilable; a strange mixture of the crudest in humans—Indian, sometimes Negro, the offscouring of Old Spain—are crashing the gates on the international border at the rate of thousands a month—and nothing done! Our immigration authorities stand paralyzed in the face of this horde, making but a pretense—a very weak one—to stem the tide of the degraded descendants of the ancient Aztecs as they literally cover the land like the locust plague of '92, bringing with them all the foul social diseases of a degenerate race. Native born Americans, who work with their hands—and manual labor is an honorable occupation—are forced out of the harvest field, off the railroad right-of-ways, out of the factory by this type of cheap labor, whose social aspirations are slightly above the stock in the barnyard.

And while all this is going on, the immigration office here on the coast is busy trying to deport a splendid woman of intellectual attainments and a native of cultured Berkeley.

What a mockery the whole thing! What a disgusting spectacle!

And why such official activity on one hand and none on the other?

And you wonder? What is the matter with

GARBO SPEAKS IN "ANNA CHRISTIE" AT T & D

Great is the story. Greater is
the cast. Greater than all—
Garbo talks in "Anna Christie,"
at the T. & D. theatre, Oakland,
Friday.

Garbo the magnificent whose
lips have long been sealed in
silent drama now speaks and
her artistry is complete. In
Garbo's voice there is power and
beauty, passion and fear, anger
and love. Critics who have heard
that voice call Garbo the Bern-
hardt of today. You will agree
when you watch her perform-
ance and hear her lines in
"Anna Christie," that celebrated
drama by America's foremost
playwright, Eugene O'Neill.

You will meet Charles Bick-
ford, he-man of "Dynamite," as
the man who loves her; Marie
Dressler, the drunken hag who
alone holds the secret of her
shameful past; and George F.
Marion, the sailor father whose
neglect brings about her fall.
Metro-Goldwyn-Mayer has sur-
rounded Garbo with a cast of
fine performers, has given her
a story of tremendous import.
She does not fail. You will thrill
to the play, the setting and the
moment when—Garbo talks.

County Has Highest Average of Accidents

By JAMES ROWE
(U. P. Staff Correspondent)
SACRAMENTO, Calif., Mar. 5—
[UP]—Grade crossings in Cali-
fornia were the most numerous in
the state's history, according to
the State Railroad Commission's
report just filed with Governor
Young.

During the year the 1,149 cross-
ings located in Alameda county
were the scene of 562 accidents,
the report said. This made a
rate of 48.9 accidents per 100
crossings. As there are thirty-
two grade separations in the coun-
ty, the probability of more numer-
ous accidents was greatly less-
ened.

California had an average of
17.7 accidents for every 100 cross-
ings. Alameda county led the
list of counties with a rate of
48.9 accidents per 100 crossings;
Los Angeles county was next with
28.8 accidents per 100, and Marin
county third with a rate of 28.6,
according to H. G. Mathewson,
secretary of the railroad commis-
sion.

SIX DOCTORS ON STATE BOARD OF CHIROPRACTORS

**Dr. Leo J. Parry Tells Of
Six Prospective
Appointees**

The California Chiropractic
Association, through the office of
Dr. Leo J. Parry, state secretary,
today made known the names of
six chiropractors which it has pre-
sented to Governor Charles C.
Young as prospective appointees
to the State Board of Chiro-
practic examiners. There are
three vacancies on the board to
be filled and Governor Young is
expected to make known the new
appointees within a few weeks.
The six chiropractors are:

Dr. C. C. Hunt, Oakland; Dr.
B. C. Cromwell, San Francisco;
Dr. H. B. Logan, Los Angeles;
Dr. C. W. Hoffman, Los Angeles;
Dr. H. L. Lyon, Hollywood, and
Dr. J. C. Tobin, Los Angeles.

The California Chiropractic
Association is the largest state
association of chiropractors in
the United States and its rec-
ommendations as to the new per-
sonnel of the State Board of
Chiropractic Examiners in Cal-
ifornia are expected to have
considerable weight with Gov-
ernor Young.

Those whose terms have al-
ready expired on the present
board are Dr. S. J. Howell, Dr.
James Compton, and Dr. J. C.
Redmond.

P. G. AND E. GIVES REPORT OF FOURTH PRICE REDUCTION

**Reduced Lighting Charges
Made Possible Through
Consolidation**

New and reduced rates for
electric light and power service
went into effect on March 1.
The new rates, according to re-
ports from the Pacific Gas and
Electric Company, will save con-
sumers \$2,400,000.00 a year.

This is the fourth major re-
duction in electric rates in the
last nine years. There was a
reduction of \$2,000,000.00 in 1921;
another of \$2,500,000.00 in 1923;
a third of \$1,935,000.00 in 1928,
and the fourth of \$2,400,000.00,
which now becomes effective.

The principal beneficiaries un-
der the present reduction will be
the lighting consumers of the
company, who will save \$1,570,-
000 a year or 65 per cent of the
total. The greatest reduction
falls in the top lighting rate,
which now becomes 4½ cents a
kilowatt hour. All users of light
will benefit by this reduction.
Large users, such as stores and
commercial buildings, will save
as much as 10 per cent on the
average. In cases where the
use of energy will be great
enough to come within the "low
blocks," where the reduction is
20 per cent, the saving will be
even larger.

Rates, where lighting is com-
bined with other household ser-
vice, will become especially low.
The first 30 kilowatt hours will
cost only 4½ cents. The next
140 drops to 3½ cents and all
over 170 kilowatt hours cost only
1½ cents, plus a small service
charge. Practically all domestic
consumers can qualify for this
rate. All that is required is an
installation of 1000 watts in small
socket appliances, such as toaster
and electric iron, a waffle iron
and a heater or any two ordi-
nary appliances. Domestic con-
sumers who use 30 kilowatt
hours or more per month will
benefit by qualifying for this
schedule.

Consumers of power for heat-
ing and cooking benefit not only
by the lighting reduction but by
reductions in minimum charges
and by a provision for the waiv-
ing of the minimum charge for
electric space heating during the
summer months. Users of energy
for commercial heating and cook-
ing receive a reduction in rates
of from 2 cents to 1½ cents per
kilowatt hour for all use over
150 kilowatt hours. These many
concessions in the application of
these schedules means a saving
to this group of \$75,000.00 an-
nually.

Street lighting rates have also
been reduced to the aggregate
of \$38,500.00 a year. The re-
ductions now effective were

STREET PAVING IN NILES HALTED BY RAINSTORMS

The preliminary work being
done in preparation for oiling the
Niles streets has been delayed
considerably due to the rain, but
nevertheless great progress has
been made in the short time
that weather permitted activity.

After the rain ceases it will
take some time before the streets
are dry enough for rolling and
leveling; however, J. D. Gomes,
roadmaster, stated that work
would be resumed as soon as
possible.

Niles Boys In Court Charged With Damaging Building

Eighteen local boys were arraigned before Judge J. A. Silva Tuesday afternoon, March 4, on a charge of defacing property not belonging to them. They were severely reprimanded, and warned not to repeat the offense.

The report is that twice recently a group of Niles boys, ranging from mere babies to practically grown men, had broken into the Veterans' Memorial building, and had caused much damage by smashing windows and by using the auditorium floor for a roller-skating rink, and slide. The cost of the damage done to the building was estimated at approximately \$65, and three days were required to effect the repairs.

Three Injured In Wreck

The second case before Judge Silva was that of August Louis, of Sunnyvale, who was charged with reckless driving, after being in a collision, February 9, in which two girls and the driver were seriously injured. Wills filed the complaint against Louis, and is now instituting a suit for damages. The case is being held over.

Y.M.I. BASKETEERS BREAK EVEN IN TWO GAMES

Failing to retain the lead gained during the first half of the game, the Pleasanton Y. M. I. unlimited basketball team dropped a slow game to the Alameda Y. M. I. 28 to 16 at the high school gymnasium, Pleasanton, Monday evening. The 145-pound teams played the preliminary, Pleasanton winning 21 to 13.

The games Monday evening were considerable of a disappointment to the small crowd on hand. Until this week's games practically all of the contests have been hard fought and thrilling from start to finish, but these games failed to arouse any great amount of interest.

The games were fast by spells but dragged at other times. The redeeming feature was the exhibition of passing and shooting put up by both the unlimited and 145-pound teams.

In the main game of the evening, Pleasanton took the lead through the first three quarters. Going into the last quarter the Alameda basketeers proved too fast for the locals and almost doubled their score.

The line-ups:

MILK INSPECTION FOR PLEASANTON BEING ARRANGED

City Council Expected To Give Ordinance First Reading Soon

Establishing of a milk inspection department for Pleasanton is rapidly drawing to a certainty, according to word from City Attorney Walter T. Nilson of that city. The city councils of Pleasanton and Livermore have united on a plan for the formulation of the milk inspection.

The city attorneys of Pleasanton and Livermore are drawing up the ordinance which their respective town councils will be asked to approve at the March meeting. Action on this matter has been hanging fire for several months.

At a conference held here last week between representatives of the two cities, it was decided to go ahead as a definite agreement had been reached.

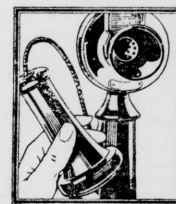

Under the present plan the two communities will split the cost of the inspection. It has been tentatively decided to employ Dr. Nels Clemens, of Hayward, as inspector.

Announcing Another P.G. and E. Electric Rate Reduction

\$2,400,000.00 Saving to Consumers

Now, electric rates for consumers of the Pacific Gas and Electric Company are reduced over Two Million, Four Hundred Thousand Dollars a year.

Lighting rates are cut to a maximum rate of 4 1/2 cents per kilowatt hour for incorporated areas, with a similar reduction in all areas.

The new rates are of greatest benefit to the small consumer—the residence user, stores and offices. Substantial reductions have been made in commercial, industrial and agricultural power rates. Street lighting rates are reduced.

Domestic combination rates for consumers using lighting service and in addition having electric appliances for heating and/or cooking, are as low as 1 1/2 cents per kilowatt hour. The new commercial lighting schedules provide for lighting rates as low as 2 cents per kilowatt hour.

These new schedules providing lower electric rates are designed to encourage liberal usage of electricity at low cost. The new rates are among the lowest obtainable anywhere.

ELECTRICITY IS CHEAPER—YOU CAN USE MORE—MAKE IT YOUR SERVANT

Let electricity brighten the gloomy corners. Let it do the cooking, ironing, washing. Let it sweep the floors, operate the electric fan, drive away chills. It will percolate the coffee, make the toast, keep food warm or cool and wholesome.

Modern electric appliances bring comfort, convenience and economy.

When Our Boys Beat 'Em 6 to 5-

After the game—when the home team has put up a terrific battle, and the winning point has been scored—even the folks who failed to see it done are "all set" for a hot time in the old town tonight. Baseball, Football, Basketball—it's all the same. When our boys trim the other bunch, we're proud of 'em, and we don't care who knows it!

No person in this community is more interested in fostering good, clean sports than the publishers of this paper. We want to do our bit every time there's a chance to boost a game or a celebration that merits popular support. In addition to our newspaper columns, one of the best ways we can help is in the printing of posters and announcements. This is part of our business, and we can produce the right kind of advertising for any such occasion. Don't depend on "word of mouth" publicity or "home-made" posters for the success of your picnic or athletic event. Every contestant needs the encouragement of a good crowd—and you need ample gate receipts.

Get our ideas about publicity, and our prices for posters that will put your affair over with a bang.

TWO LOCAL BOYS AT A.C.A.L. MEET ON SATURDAY

Two students of Washington Union High school, Leland Telles, a junior, and Eugene Dusterberry, a senior, went to Stanford University Saturday, March 1, to compete at the Alameda County Athletic League meet.

Leland Telles threw the javelin and won third place against the Stanford freshmen, and Eugene Dusterberry won third place in the 880-yard run.

The school feels proud indeed to have two of its students conduct themselves so well when competing with athletes who have had the benefit of longer training and who are much older.

Operetta At High School Great Success

It has been reported that the operetta, "Purple Towers," presented by the students of the Washington Union High school, Monday night, March 3, was a complete success. The student actors were under the direction of Miss Lesda Sayles, and they showed unusual ability in the way they performed.

A record crowd was in attendance, and additional seats had to be placed in the auditorium to accommodate the overflow.

Mrs. Thomas and Allen Bournier visited relatives in this city Friday.

CHAMBER HEARS A POPULAR SPEAKER AT WEEKLY MEET

Cyril Williams Tells Of Water District Condition

The weekly luncheon meeting of the Centerville Chamber of Commerce was held at the Gregory hotel, March 27, at 12 noon. F. T. Dusterberry, president, presided.

The speaker of the day was Cyril Williams, Jr., engineer of the Alameda County Water district. He gave a lengthy talk, and explained many points in connection with the conservation and distribution of water. Mr. Williams illustrated his subjects by the use of charts showing the water table, and the effect of the water released from the Calaveras reservoir. The records of the water levels for the last fifteen years, the monthly reports, and the results of the pumping at Alvarado were also shown.

Following the talk by Mr. Williams, H. C. Waterbury was appointed chairman of the day, to preside at the coming meeting. There being no further business the meeting was adjourned.

Scholarship Convention At Washington Union High

The California Scholarship convention is to be held at the Washington Union High school, on March 22, and the program for the day is as follows:

Morning session opens with registration from 9:30 to 10 o'clock. Following this a musical selection, "America," will be rendered by the Washington Union High school band, under the direction of Mr. Kimber, instructor, and the first and last verses will be sung by the entire audience.

A speech of greeting will be given by Mary Lucas, after which the business meeting will be held, covering the period between 10:20 and 12:15 o'clock. There will be a discussion of subjects pertaining to the different school problems; the principal speakers being F. M. Foster, principal of the Hayward High school; Miss Hazel Wolhaupter, president of the Central Scholarship Federation, and Miss Sophia Crammer, vice president.

After the business meeting luncheon will be served between 12:30 and 1:30 o'clock, and at the opening of the luncheon program E. B. Hodges, principal of the Washington Union High school, will deliver a speech of welcome to the guests, and J. B. Hill, a member of the faculty, will talk on "Scholarship." The remainder of the program will feature Vincent Bettencourt, instrumental soloist, and Marie White, vocalist, both students of the high school.

At the afternoon session the guests will be conducted through the school buildings, and over the grounds. Following this the afternoon will be passed socially.

UNIFORMED BAND SOON TO BE SEEN

Pleasanton and Sunol School Trustees to Make Purchases

Pleasanton is to have a uniformed band at last, thanks to the action of the trustees of the Amador Valley Joint Union High School, Pleasanton Grammar School, and the Sunol Glen Grammar School taken last Friday at a joint meeting held in the Amador High School.

The boards decided to furnish the remainder of the money needed to purchase the uniforms. A large portion of the money was raised at a concert given by the three schools last fall. The amount was not enough, however, to purchase the kind of uniform desired, nor in sufficient quantity.

Under the joint agreement the school boards will furnish the money for the purchase of approximately eighty uniforms. The expense will be defrayed as follows: Amador high, two-fifths; Pleasanton Grammar School (two-fifths); and Sunol Glen Grammar School, one-fifth.

The uniforms will be owned by the schools and will remain in the possession of each school. It is planned to purchase a specially designed uniform which will be adjustable to several sizes. This is the plan followed by colleges and saves considerable expense in that new uniforms need not be purchased each year for the new members of the band.

That interest in the band was uppermost in the minds of the members of the boards of trustees, all but three of the eleven members were present at the joint session.

A committee composed of Harry Tripp, music director of the three schools, Mrs. Robert Blacow and C. S. Graham, members of the board of trustees, was appointed to select the type of uniform to be purchased.

It also was decided by the trustees that the band would not enter the state contest this year because of the almost prohibitive cost. It was pointed out that one school near Pleasanton was entering the contest on money donated by the merchants of the town, to the total of approximately \$1,000.

Merchants of Pleasanton would be more than glad to subscribe funds to send the band to Sacramento, it was said, but the trustees went on record as being opposed to seeking donations for such a matter. This plan is in keeping with that ruling made last fall that no advertising programs would be solicited from the merchants, as the board felt that such advertising was not worth its cost.

While no definite date for a public appearance of the band

MANY PRIZES WON AT MEN'S PARTY FRIDAY NIGHT

The men's party passed off successfully on Friday night February 15. About fifteen tables of players enjoyed whist. There was a door prize, 127 being the lucky number, held by Mr. Thacker. There were a large number of prizes which were drawn according to the score. The fortunate ones were Mrs. E. Seiver, Mrs. R. Townsend, Mrs. Ames, Mrs. A. Anderson, Mr. Cramer, Mrs. Fred Dusterberry, Fred Dusterberry, Mrs. C. Emerson, Mrs. B. Hawley, Mrs. Lutz, Mrs. Fred Blaskow, and Mrs. Albertson.

The prizes ranged from work-baskets, bread containers, writing paper, candy, and sofa pillows to live chickens.

Then the tables were spread and all enjoyed the bounteous repast served. The gentlemen served it all in fine style.

W. W. Walton auctioned off two cakes to good advantage.

Two young men furnished music while the rest were eating, kindly donating their time.

The club didn't forget the Welfare Home, but sent a fine lot of sandwiches which were appreciated.

Mrs. C. E. Anderson was in Oakland on Friday.

Mrs. F. O. Bunting was in San Francisco this week on business, and in Oakland on Saturday attending a Washington college circle held with Mrs. Grace Vincent.

Mr. and Mrs. A. C. Roseveare, formerly of Modesto, have recently established their residence in Centerville. Mr. Roseveare is employed by a local business firm.

1930 CENSUS WILL START ON APRIL 2

Sample Schedule of Report Required on File at Register Office

Samples of the General Farm Schedule of the fifteenth census of the United States are on file at the office of The Township Register, and may be seen any time during office hours.

Inasmuch as the majority of readers of The Register will be asked to fill in the general farm schedule, it will be of benefit to those readers to take advantage of the sample schedule at this office.

Being familiar with the questions will save both the time of the person who will be required to answer the questions and the enumerator. The census will begin April 2, next, and while the plans of the government have been made for the completion of the work within a very short period of time, no effort will be spared nor will the information necessary to make the data complete be slighted.

Everything Asked

In the general farm schedule, just about everything possible is to be asked. In brief the things which will be asked, include:

Name; age; color; total number of acres farmed; rotation of crops; acreage rented; acreage owned; amount of indebtedness on farm lands; value of farm land; taxes paid; expenditures; value of farm machinery and other facilities; cooperative sales and purchases; number of domestic animals; and complete data on all crops.

It is specifically stated under the seal of the department of interior that none of the information given will be used for taxation purposes and that every bit of information will be held in the strictest of confidence.

Those who were residents of this district at the time of the last census more than likely have received a sample schedule, but if not, they may be had on application.

Statement Made

The government has this to say to the farmer:

"It is vitally important to you that a complete and accurate census be taken of every farm in the United States at the Decennial Census of 1930. Because of your personal interest in the farm reports this sample copy of the General Farm Schedule is sent you for your information in advance of the actual enumeration, which will begin April 1, 1930.

"Study the question and enter in the proper places the answers to all inquiries which apply to the farm you operate. You can then readily answer all questions when he visits you next April. Discuss the questions on the schedule and the coming census with your neighbors."

Human Interest Story Is Told of Niles Schoolboy

EVERY NOW and then one hears of a story that has human interest. Well, here is one:

On Thursday night, February 27, an automobile accident occurred on the Niles Centerville road, and three cars were involved in the wreck. A woman was a passenger in one, and when the crash came her face was lacerated and cut by flying glass from the windshield. A crowd gathered, as crowds do when something exciting occurs, but strangely, no one made an attempt to aid the woman who had been injured. The drivers of the wrecked cars were trying to get the vehicles separated, and the injured woman's suffering was ignored. Finally a young lad rode up on a bicycle. He viewed the wreckage, and then noticed the woman, who was making an unsuccessful attempt to stanch the flow of blood from

the cuts on her face. The boy immediately took charge of the situation by going to a nearby house, where he obtained hot water and bandages, with which he rendered first aid treatment to the suffering woman. The lad remained by the woman's side until she was put under the care of a doctor, then he mounted his bicycle and rode away.

That is all there is to the story, there isn't any more. But just think, the boy was young, only twelve years old, and not only did he take control of a difficult situation, but he knew exactly what to do, and how to do it. That boy shall be nameless, but we know that he did one good deed that day, and the reason he was able to do it is that he is a Boy Scout, a member of Troop No. 1, of Niles; and the scouts are trained to serve at all time; it is their law; they take their oath on it.

AMADOR HI TAKES THRILLING GAME COLLEGE TEAM

Dons of Amador, Pleasanton, nosed out the 145 pound team of St. Mary's College in one of the most thrilling basketball games of the high school season Friday night after two five-minute overtime periods. The final score was 21 to 20.

Amador High got away to the lead which it held on to for the first three periods, but were never more than two or three points ahead of the college boys.

At the close of the third quarter St. Mary's tied the score at 16-all. During the last period only four points were scored, each team garnering two, bringing the game to a close at 18-all.

Five minutes for overtime play was decided upon. Both teams fought hard and had the crowd on its feet the greater part of the time. Neither team scored, however, and another five minute overtime period was permitted.

During this extra playing time Bottini scored a field goal, and Anselmo made good a shot from the foul line, giving Amador a 21 to 18 lead. Long, playing guard for St. Mary's, broke through and sank a beautiful field goal. The ball had no more than cleared the hoops when the final whistle sounded.

This was probably the best game of the season that Amador high basketballers put up. Much credit for the successful season at the school this year must be at the Pleasanton school this year must be given to Coach Patterson, of that city, who has taught the boys team work. As a result there have been no individual stars, but rather an all-star team which has followed instructions and won the majority of its games.

The grammar school team and the "B" squad of the high school played the preliminary contest. The high school boys won easily, 13 to 9.

The line-ups:

Amador (21)	St. Mary's (20)
Paulo, F.	Mangan, F.
Bottini, F.	Luschni, F.
Anselmo, C.	Parker, C.
Shinkel, G.	Long, G.

LIBRARIANS HOLD ALL-DAY MEETING IN OAKLAND FEB. 26

Next Session In Niles At Jane Clough Building

Thirty-five branch libraries were present at the all-day meeting held in Oakland Wednesday, February 26. Mrs. Emma Murray, librarian, represented Niles. A great many interesting subjects pertaining to library work were discussed for the benefit of those present, to assist them in solving problems that might arise in their future work. It was found that the county and city institutions had practically the same situations and questions to decide.

The next all-day session will be held some time in May, and will be at Jane Clough Memorial Library building. The invitation for this was extended by Mrs. Murray, librarian.

PROSPERITY IN WAKE OF RAIN IN DISTRICT

THE TOTAL rainfall, up to date, is 12.92 inches. On February 25, 1930 the measurement was 2.76 inches. Exactly a year ago, on March 5, 1929, the rainfall was estimated at 13.44 inches.

At the present time the creeks in the vicinity of Niles are running full and that is a sure sign that the ground is saturated. The ranchers are well pleased with the rain, for it means bumper crops, and much prosperity for them. To the laborers, and those who work in orchards and fields it will mean employment; a steady income.

Already many of the ranchers have been spraying the trees in their orchards, and on the Niles-Centerville highway the almond trees, snow white with gorgeous blooms, make a veritable fairy land. The crops on the hills near Niles are beginning to show great promise, and the stockmen of the district are pleased with the prospect of abundant feed during the coming dry months.

Santa Rosa—\$14,000 addition to plant of Poultry Producers' Central California on Boyd Street, opened to the public.

RAINFALL REACHES TOTAL OF 9.80 INCHES

Rainfall in Pleasanton for this season measured fifty percent during the past week, observers there revealed last week. The total for the season is 9.8 inches. The current rains, which began a week ago last Thursday totaled 209 inches, while the total precipitation until then was only 653 inches.

Water has been running in the Arroyo Del Valle creek since Monday and has been the source of much pleasure to the residents of the community as it is known that when water runs in the creek the ground there is saturated.

The daily precipitation was as follows:

February 20, .66; February 21, .11; February 22, .45; February 23, .51; February 24, .20; February 25, 1.03; February 26, .13; and February 27, .18.

"COCKEYED WORLD," NILES THEATRE MARCH 9-10

This week the Niles theater offers several excellent programs. Tonight, Thursday, March 6, an all-talking picture titled "Tonight at Twelve" will give the audience a real thrill, and the first episode of "Tarzan the Tiger" will have it gasping.

Saturday Leo Carillo in "Mr. Antonio" and Tom Tyler in "Pride of the Pawnee" will perform in a manner that is nobody's business. The action, the situations, the breath-taking escapes will keep the theater patrons enthralled.

Then on Sunday and Monday the funniest picture of the season is to be offered, "The Cockeyed World." Even the name suggests humor, and when you see it you won't be able to keep from laughing.

That's the kind of a picture it is. The marines in all their glory; the French girls with all their coquetry, you can imagine what a picture this is.

On Wednesday and Thursday night, March 12 and 13, "Broadway," an all-talking picture will be the feature of the program.

the Spring Valley Water Company. It means that the revenue they derive from that source will not be eliminated.

Increasing of wages of the employees was one of the first measures taken. Mayor Rolph pointed out. A fair living wage will be paid all employees by the City of San Francisco, the mayor stated, and in return the city expects a full day's work and loyalty.

On one subject Mr. Parks found Mayor Rolph reticent to express an opinion. This subject was on the rumor that hundreds of present employees of the Spring Valley Water Company would be supplanted with residents of San Francisco.

Rumor Doubtful

It is only natural that San Francisco will consider its own unemployment situation. Mr. Parks stated following the interview. On the other hand, he pointed out, that while the rumor of discharges was in the offing, none have actually been reported, and until such becomes a fact Mr. Parks prefers to believe that the rumor is ungrounded.

Under the circumstances it would only be natural that Mayor Rolph would not wish to commit himself definitely on that problem. There are too many issues to be considered. Among them are the possibilities that sufficient San Franciscans would not wish to leave the city for such work regardless of their present state of finances; and that while certain employees might have been perfectly satisfactory with the former employers that might not prove so to officials of San Francisco.

All in all, Mr. Parks stated, Mayor Rolph has assured the people of this section that they shall benefit as much if not more than from the Spring Valley Water Company.

Niles To Benefit

"With such a gentleman and business man as James Rolph, Jr., at the head of the great city of San Francisco," Mr. Parks declared, "your community and my community stand to reap benefits unthought of before, with the City of San Francisco back of the water project in this district."

"It would be a case of robbing Peter to pay Paul to slight our locality in order to immediately benefit San Francisco, for such a move would antagonize the districts in which the city would be operating."

"The Township Register welcomes consummation of San Francisco's plans, and expresses the hope that nothing shall intervene to cause us to rescind this welcome."

El Centro—Additions and alterations will be made on Japanese Union Christian Church on Commercial Street at cost of about \$3,000.

NOTICE

OF HOLDING SPECIAL ELECTION IN ALAMEDA COUNTY WATER DISTRICT FOR THE PURPOSE OF VOTING ON THE QUESTION OF INCURRING A BONDED INDEBTEDNESS BY SAID DISTRICT IN THE SUM OF \$250,000 FOR THE PURPOSE OF ACQUIRING A WATERWORKS SYSTEM.

NOTICE IS HEREBY GIVEN to the qualified electors of Alameda County Water District that the Board of Directors of said district has called and ordered to be held in said district a special election for the purpose of voting on the proposition stated in the resolution of said Board of Directors calling said election, which said resolution was duly passed and adopted by said Board of Directors on the first day of February, 1930, and a full, true and correct copy of which resolution is as follows, to wit:

"A RESOLUTION CALLING FOR A SPECIAL ELECTION FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF ALAMEDA COUNTY WATER DISTRICT A PROPOSITION FOR INCURRING A BONDED INDEBTEDNESS OF SAID DISTRICT IN THE SUM OF \$250,000 FOR THE ACQUISITION OF A WATERWORKS SYSTEM; DECLARING THE NECESSITY OF INCURRING SUCH INDEBTEDNESS; STATING THE PURPOSE THEREOF; DECLARING THAT THE WHOLE OF SAID DISTRICT WILL BE BENEFITED THEREBY; THE AMOUNT OF THE INDEBTEDNESS TO BE INCURRED; THE MAXIMUM TERM OF THE BONDS ARE TO BE ISSUED; THE RATE OF INTEREST TO BE PAID THEREON; FIXING THE DATE OF SAID ELECTION AND THE MANNER OF HOLDING THE SAME; AND PROVIDING FOR THE CONSOLIDATION OF SAID ELECTION WITH THE GENERAL ELECTION TO BE HELD IN SAID DISTRICT FOR THE ELECTION OF DIRECTORS."

WHEREAS the Board of Directors of Alameda County Water District on the 4th day of January, 1930, duly adopted a resolution wherein it was determined and declared that it was necessary for said district to incur a bonded indebtedness, stating the purpose for which the proposed bonded debt was to be incurred and the amount thereof, and fixing a time and place of hearing thereon:

AND WHEREAS said Board of Directors on the 1st day of February, 1930, by resolution duly passed and adopted on said date, determined that the whole of Alameda County Water District would be benefited by the accomplishment of the purpose therein stated and by the issuance of bonds of said district in the amount of \$250,000 for the purpose of acquiring said waterworks system.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Alameda County Water District, as follows:

Section 1. That the Board of Directors of Alameda County Water District deems it necessary to incur a bonded indebtedness in the amount of \$250,000 for the purpose hereinafter set forth; that it is necessary for said district to incur such bonded indebtedness and this Board of Directors so finds, determines and declares.

Section 2. That the purpose for which the proposed debt is to be incurred is the acquisition of a waterworks system, including lands, water, water rights, water sheds, wells, rights of way, pumps, pumping plants, reservoirs, storage facilities, pipe lines, canals, conduits, mains, machinery and other works, properties, appliances, rights and privileges useful or necessary to convey, supply, store or otherwise make use of water for the benefit of said district.

Section 3. That the whole of said Alameda County Water District will be benefited by the accomplishment of said purpose and by the incurring of said bonded indebtedness in the said sum of \$250,000, all in accord with the determination of this Board of Directors as expressed in its resolution adopted on the 1st day of February, 1930.

Section 4. That the amount of debt to be incurred by said district is the sum of two hundred fifty thousand (\$250,000) dollars.

Section 5. That the maximum term of the bonds to be issued shall run before maturity shall be thirty (30) years after the date of said bonds, and said bonds shall mature and be payable as follows:

\$10,000 principal amount of said bonds shall mature in each of the years 1935 to 1959, both inclusive.

Section 6. The rate of interest to be paid on said bonds shall be five (5) per cent. per annum, payable semiannually (except that the interest for the first year shall be payable in one installment at the end of such year).

Section 7. The proposition to be submitted to said electors shall be as follows:

"Shall Alameda County Water District incur a bonded indebtedness in the sum of \$250,000, for the purpose of acquiring a waterworks system, including lands, water, water rights, water sheds, wells, rights of way, pumps, pumping plants, reservoirs, storage facilities, pipe lines, canals, conduits, mains, machinery and other works, properties, appliances, rights and privileges useful or necessary to convey, supply, store or otherwise make use of water for the benefit of said district?"

Section 8. A special election is hereby called and ordered to be held in said Alameda County Water District on Tuesday, the 25th day

of March, 1930, at which election there shall be submitted to the qualified electors of said district the proposition hereinabove set forth. Said Board of Directors does hereby submit to the qualified electors of said district at said special election the said proposition and designates and refers to said proposition in the summary thereof set forth in the ballot hereinafter prescribed for use at said election.

Section 9. The polls at the polling places at said election shall be opened at six o'clock A. M. and shall be kept open continuously thereafter until seven o'clock P. M. on the day of said election, when said polls shall be closed (except as provided in Section 1164 of the Political Code of the State of California), and the election officers shall thereupon proceed to canvass the ballots cast thereat.

Section 10. Said special election shall be held and conducted and the votes thereof canvassed, and the returns thereof made, and determined as herein provided, and in all particulars not prescribed in this resolution said election shall be held in accordance with the general election laws of the State of California so far as the same shall be applicable. The returns of said election shall be made out and signed by the election officers and shall be by them deposited with the Secretary of this district, together with the ballots cast at said election, and the Board of Directors of this district shall meet and canvass said returns on the first Monday following said election, to wit, on the 31st day of March, 1930, at the hour of 3:30 o'clock P. M. and if upon such canvass it shall be found that said proposition carried, then bonds of said Alameda County Water District in the aggregate principal amount of \$250,000 shall be issued and sold by said district as aforesaid, and if upon such canvass it shall be found that said proposition failed to carry, the result thereof shall be entered accordingly.

Section 11. The election hereby called and the general election to be called by the Board of Supervisors of Alameda County (pursuant to the order and election proclamation of said Board) for the purpose of electing directors in said district, shall be and are hereby consolidated and shall be held in all respects as if there were only one election, except as herein otherwise provided, and only one ticket or ballot shall be used thereat. Said ballots in addition to the heading or caption thereof, instructions to voters and any other matter properly thereon, including that pertaining to the election consolidated with the election called hereby, shall have printed thereon the following, to wit:

PROPOSITION: Shall Alameda County Water District incur a bonded indebtedness in the sum of \$250,000, for the purpose of acquiring a waterworks system, including lands, water, water rights, water sheds, wells, rights of way, pumps, pumping plants, reservoirs, storage facilities, pipe lines, canals, conduits, mains, machinery and other works, properties, appliances, rights and privileges useful or necessary to convey, supply, store or otherwise make use of water for the benefit of said district?

The precincts, polling places and officers of election hereby called shall be the same as those set forth in the election proclamation and order of the Board of Supervisors calling said general election within said district hereinafter referred to, to which election proclamation and order is hereby referred to for a designation of the precincts, polling places and officers of said election called hereby.

Section 12. Each voter to vote for said proposition hereby submitted and for incurring a debt therefor shall stamp a cross (X) in the blank space opposite the word "YES" on the ballot to the right of such proposition, and to vote against said proposition hereby submitted and against incurring a debt therefor shall stamp a cross (X) in the blank space opposite the word "NO" on the ballot to the right of said proposition. All voters qualified at the time of said election to vote at state and county elections in said district, or otherwise entitled to vote by the laws governing such special elections, and who reside within said voting precincts within said district, but no others, shall be qualified to vote at such election.

Section 13. The Secretary of this district is hereby directed to cause notice of said election hereby called to be published for two (2) weeks in the "The Township Register," a newspaper of general circulation printed and published in said Alameda County Water District and which newspaper is hereby designated by this Board of Directors as the newspaper in which such publication shall be made.

Section 14. This resolution shall take effect immediately.

NOTICE IS FURTHER GIVEN that said election shall be held and conducted, and the results thereof canvassed and ascertained in all respects as provided in said resolution of the Board of Directors of Alameda County Water District hereinafter set forth, and that the proposition to be submitted at such election shall be the proposition designated in said resolution and in the form of ballot prescribed therein for use at said election. Every qualified voter residing within said voting precincts, but no others, shall be entitled to vote at such election. Reference is hereby made to said resolution of the Board of Directors of Alameda County Water District calling said election and hereinafter set forth at length for further particulars.

SPARK PLUG CONDITION

The condition of the spark plugs on your car frequently indicates trouble. If the end of the spark plug is oily, too much oil is passing the piston rings. If black soot is present, it indicates too rich a gas mixture. If the plugs are both oily and sooty, valve leaks are indicated.

MORE ON Officers Elected

(Continued from Page One)

by Secretary J. E. Townsend, and further nominations were called for. There being none, the nominations were declared closed. On a motion of R. A. Blacow, seconded by E. F. Glassbrook, the secretary was instructed to cast a ballot selecting the following to office for the coming year:

President, L. E. Smith.
Vice President, F. V. Jones.
Treasurer, R. A. Blacow.
Secretary, J. E. Townsend.
For directors, to serve with the officers as a board of directors: Past President Harvey Braun, George Bonde, L. J. Duffy and W. B. Kirk.

R. A. Blacow, in a short talk, commended Mr. Braun on his earnest endeavor in behalf of the Chamber of Commerce during his term as president. As the last act before retiring, President Braun turned the chair over to the newly elected president, J. E. Smith, who accepted with thanks, expressing a deep appreciation for the honor that the members of the organization had just bestowed upon him.

J. B. Held, president of the Peerless Stage System, Inc., was introduced, and he explained the reason for wishing to discontinue the passenger service between Centerville and Pleasanton—a petition for which discontinuation is before the California State Railroad Commission, and for which a hearing is set for March 6, at Centerville. After hearing Mr. Held's explanation in which figures were given to show the large losses to the stage company from this line, the Niles Chamber of Commerce reversed its decision of last week and went on record as favoring the petition to abandon this service.

L. A. Vieux was appointed chairman for the meeting of the chamber on March 11. Despite the inclemency of the weather a large number of members were present at the luncheon meeting.

the public's intellect that it cannot understand what prompts this inconsistency in the Edmondson affair. It is easy—

Mrs. Edmondson is engaged in intellectual pursuits. It she could and would weed beets and thin lettuce and work in a sweat shop, the authorities would have forgotten she was in America in violation of the immigration laws. Capital wants cheap labor. If the law interferes with the supply, then dam the law! Wink at it. Flaunt it. And that is what is being done in America today—otherwise how might any sane man account for the millions of little men and women from Mexico who are with us holding no passport—aliens of a low type. Official connivance in their unlawful presence is the answer, and no other can be advanced with sustaining evidence.

But some excuse must be made for their positions, some show of industry to justify their monthly stipend. So the generally dormant immigration division out here in California jumps into the traces, and straining at the bit, attempts to dislodge this gentlewoman from her American home. Even before the matter is definitely settled, they would, if possible, separate mother from son, forcing a six-year-old youngster to return to a British possession, alone.

How courageous these authorities must believe themselves to be. What a noble undertaking to which they are committed. What lofty traditions of their departments must have inspired this unflinching attitude in so grave a contingency. A menace to the nation, they would banish from the country—

An American mother and her two babes!

LIONS CLUB GETS UNDERWAY WITH SEVERAL MEMBERS

Civic Organization Makes
Pleasing Headway at
Pleasanton

Temporary organization of a Lions club was formulated Wednesday night at a meeting of business and professional men of Pleasanton at the city hall. While no officers were selected, it was decided by those present to go ahead with the endeavor and to call another meeting in the near future when the necessary organization will be consummated.

It was said that five men placed their names on the charter Wednesday night. The charter will be open for about two weeks longer, according to present plans. Each of the five men who have designated their intention to join the Lions club have taken it upon themselves to promote individually among their friends the aims of the club.

By this means it is believed that a sufficient number of persons will be interested within the next two weeks to go ahead with the club.

For those who were unable to attend this week's meeting, it would be advisable to see Jerome Arendt, C. Letham or Andrew Greve for further particulars.

"This organization is one of the most far looking projects attempted in Pleasanton for some time and it behooves the men of the community to get behind it," according to one of the men at the meeting Wednesday.

"Pleasanton must get behind civic moves and be ready to promote the welfare of the community, or see itself outdone by all the surrounding towns."

ELECTIONS TO START IN MARCH

School Board, Municipal,
and State Ballotting
For Pleasanton

Friday, March 28, will be the date of the first of a series of elections in Pleasanton this year. On that day three members of the school boards will be elected. The next election will be for city officials, two to be elected. Then will come the state and county primaries the first Tuesday in August; and last will be the general elections in November.

H. P. Mohr and T. H. Greene are the members of the board of of the Amador Valley Joint Union High School whose terms expire this year. Both will seek re-election, it was said. Mrs. R. F. Blacow, member of the grammar school board of trustees, also will be up for re-election.

To date no opposition candidates have made themselves known.

Seek Re-election

Mayor A. B. Pickard and Councilman Frank Garatti will complete their terms this year. Both men have expressed their intention of running for re-election. They will be opposed at the polls according to rumors about the city. No candidates have filed so far, according to C. Letham, city clerk.

Municipal officers have until March 15 to file their papers, it was announced.

State and county officials will be nominated at the primaries to be held in August, and the successful candidates will be up for election on November 3, 1930.

All persons who expect to vote this year must register. There is a state law which requires the compiling of the new registration register each even numbered year.

The great register is now in the hands of the city clerk and all persons desiring to vote must register thirty days before the election for which they are qualifying is scheduled.

WATCH GAS LINE

If the engine of your car stops slowly, the explosions becoming gradually weaker until they cease look for either of two troubles. These are most likely shortage of gasoline or failure of the proper gas mixture reaching the cylinders due to dirty or plugged gas line.
